**PROSPECTUS OF THE**

**Camden Commercial Courier.** THE Establishment of the COMMERCIAL COURIER was rendered necessary by the inconvenience to which our citizens have been subjected for the want of a public channel of communication which in a commercial community like Camden, is essentially necessary, and consequently the COURIER'S claim on the public is such as should ensure a liberal patronage.

The undersigned have spared no trouble or expense in obtaining the best workmen in order to render the Paper all the advantages that it will admit of, and affording satisfaction to its patrons. In political matters the Courier will take no part; the design being to publish a Paper adapted to the interest of ALL, which could not be effected by its entering into the arena of Politics—it will be confined principally to such matter as appertains to Commerce, Agriculture and Amusement.

The COURIER is published every Saturday morning at Three Dollars in advance, or Four Dollars if not paid until the expiration of the year. Persons wishing to become subscribers must address a letter (POST PAID) to L. M. JONES & Co. Camden, S. C. May, 1837.

THE subscriber having on hand too many goods for the present season, is very desirous of reducing his stock, which consists of Fancy and Staple Dry Goods and Groceries; all of which will be sold at very reduced prices for cash to suit the times. June 10 6 tf W. J. GERALD.

**CAUTION.**—All persons are hereby cautioned against trading for two notes of hand given by me to Thomas T. Smith or bearer. The first note was given for eighty three dollars payable the first day of January, 1837, the other was for one hundred dollars payable the first day of January 1838. The notes were given to pay the balance that was wanting for a tract of land that I purchased from him, at \$480. Since the death of the said T. T. Smith, which took place on the 4th ult. I find that there is a part of the land which I purchased from him, has been deeded to one of his children, by himself, ever since 1832, and the above notes I am determined not to pay, as it was a fraud that he intended imposing on me. THE success of the SOUTHERN TONIC is unprecedented. It has been anxiously sought after by all persons in every part of the United States, and its widely extended distribution has been owing to the many requests received from every section of the South and South West. Although it originated in an obscure part of the country but a few years since, it is now found in all the principal towns and villages in the Union, and its virtues as a cure for Ague and Fever, and as a general Tonic, are appreciated by all who have used it. Being as it professes a compound of Southern Vegetables, it is needless to offer the assurance that there is no Arsenic, Mercury, nor any thing in the least hurtful to the human constitution in it. It will be found a valuable Medicine in all cases of Dyspepsia and disorganised Stomach and Bowels, and patients convalescing from Billious Fever, will derive the most important benefits from the use of the Southern Tonic. It may be administered to children and infants of the most tender age with the utmost safety. Prepared by Coster and Coxe at their Laboratory, at Montgomery Alabama. For sale by their appointed agent, JAMES R. MCKAIN.

**NOTICE.**—The new Steamboat Company beg leave to inform the public that they are having a boat built in Baltimore of a light draught of water, for the express purpose of plying betwixt Camden and Charleston, and to be here early in Sept. It is confidently believed that she will be able with ease to navigate the Waterway at any stage of the river. Merchants and others from the upper country, will find it to their interest to have their goods and produce sent through this channel, as the freights will be reasonable—in no case whatever, will any additional charge be made for lighterage, nor any exertions or expense wanting to ensure regularity and despatch. She will ply in conjunction with the new steamer "Camden," whose success this last season has put the navigation of the Waterway by steam beyond a doubt. Both boats will be able to accommodate passengers comfortably, being neatly fitted up, with the ladies and gentlemen's cabins distinct and separate. BENJ. GASS, Agent New S. B. Company.

**SUPPLEMENT OF THE DRAWING.**—The Splendid Scheme of the ALEXANDRIA LOTTERY, Class E, (Highest Capital \$75,000) from the 27th of May to the 23d of September next.

From the general embarrassment of the times; the deranged state of the domestic exchanges, and the difficulties attending the disposal of Bank Bills out of their immediate circles of issue, we have been solicited by agents and Venders to postpone the drawing of the above scheme, for a short time, until the present crisis in the affairs of the country shall have passed away.

We have therefore yielded to these solicitations, and postpone the drawing of the Alexandria Lottery, CLASS E, from the 27th of May, to the 23d day of September next, when the drawing will positively take place.

Adventurers having purchased tickets in said class, and who do not wish to hold them until the drawing, can have their money returned by the agent or broker from whom they purchased—or can exchange them for tickets in classes to be drawn at an earlier day, as it may suit their pleasure.

The Managers have consented to this postponement with extreme reluctance, as it has always been their policy to draw every scheme at the time announced. The unparalleled state of the country, is the only cause of this one departure from the usual custom.

**Bank Notice.**

IN pursuance of a resolution of the Stockholders of the Bank of Camden, S. C. adopted at their annual meeting on the 1st May, 1837, to increase the Capital of the same from two to 300 thousand dollars, being an increase of 2000 shares at \$50 each; public notice is hereby given, that on the 10th day of July next, \$20 on each share of new stock will be received at the following places. That is, at the Banking House in Camden, at the Planters and Mechanics Bank Charleston, at the Commercial Bank Columbia, and at the Merchants Bank Cheraw. The Transfer Books will be closed on the 20th day of June next, for the purpose of making an authorized list of the Stockholders entitled to the new Stock.

In the event of any Stockholder declining or neglecting to pay the aforesaid instalments, on his or her new Stock, their right to the same shall be forfeited. The 2d Instalment being \$20 on each share will be paid on the 1st October, and the balance on the 1st November next.

It is desired that all persons not having procured scrip for their Stock, will forward their certificates and procure the same.

By order of the Board, W. McWILLIE, Pres't. June 3 5 5t

The Cheraw Gazette; Times, Columbia; Mercury and Courier, Charleston, will publish the above once a week for five weeks.

**Removal.** THE Subscriber has removed his Drug Establishment to the building opposite the store of Murray & Bryant, and two doors south of the Masonic Lodge—where he is now receiving and opening his Spring supply of Medicines, Paints, Oils, Window-glass, &c. His stock will be found as complete as any in the up country, and his prices as low. Physicians, planters and others interested, are invited to call—as no exertion will be wanting to ensure satisfaction as to quality and prices.

FOR SALE AS ABOVE. 200 Kegs Wetherill's pure White Lead. 400 Gall's N. C. Lined Oil. 120 Gall's best Sperm Oil. Window-glass of all sizes, &c. & c. JAMES R. M'KAIN. 1 tf. May 6

**Public Notice.**

IN conformity with a Resolution of the Stockholders of the Bank of Charleston, S. C. adopted by a general meeting of the same, held on the 2d February last, providing for an increase of their capital in conformity with the provision of the charter of said Bank, from two to four Millions of Dollars.

Public notice is hereby given, that the Cashier of the Bank of Charleston, S. C. will, at its Banking House, in said city, receive on the 5th July next, the first instalment of Twenty-Five Dollars on each of the existing Shares in the capital Stock of said Bank, from a share holder in person, or from his agent, or attorney, duly authorized, and from no other person whatsoever. The transfer books will be closed on the 1st June next, for the purpose of making out an authorized list of the Stockholders.

In the event of any Stockholder declining or neglecting to subscribe for his or her proportion of the increased Stock, in all cases the privilege of the new subscription shall be sold at Public Auction for the benefit of the Stockholders generally, at the discretion of the Board of Directors.

The second Instalment will be payable on the 5th of January 1838; the third Instalment on the 5th of March 1838; and the fourth and last Instalment on the 5th of July 1838. By order of the Board of Directors.

**JONES' PATENT COTTON GIN.**

THIS Gin can be made double, or single. If made double, they reduce labor, and gin just double, the quantity of cotton over the single cylinder Gin, no other kind having been in use previous to this patent; and whether single or double, they are found to improve the quality of the cotton, by more perfectly cleaning it. They can be made to contain from 20 to 160 saws in a stand, and whether small or large, one hand will be sufficient to attend them.

The Gins have mechanical feeders and hoppers attached to them, which free the cotton from leaves, trash, dirt, &c. before it can reach the saws, and by the thorough hocking operation it receives from the feeders, which make two revolutions to one of the saws, it is almost in a half ginned state, before it descends to the saw. By a very simple arrangement of a screw to each set of gates, on which the hoppers rest, and through which the teeth of the feeders pass, they can be made to feed slow or fast to suit the condition of the cotton at the time. When made double, the saws are placed on two sets of cylinders and turn upon each other in opposite directions, and are cleaned by two sets of brushes that have four revolutions to one of two saws. The two cylinders can be detached so as to enable the planter to run one or both at pleasure, although embraced with feeders, &c. in one stand. The whole is put in operation with a drum and band, as in the ordinary Gin, and may be propelled by horse, steam, or water power. The force required to work it, is about the same as that necessary to move an equal number of saws in the common Gin. This Gin has been put in operation in New Orleans for two or three weeks, and its success tested in the presence of a large number of planters, merchants and others, and received their general approbation.

Several gentlemen have been so kind as to give the Patentee their written opinion respecting the merits of the Gin. A number of others could be added, but the following are deemed sufficient: From his Excellency Gov. White of Louisiana. New Orleans, Feb. 27, 1837.

Dr. A. Jones—Sir, In reply to your enquiry, what I think of your improved Cotton Gin, I have to say, that I saw it work on Saturday the 25th inst. and was very much pleased with its performance. The mere fact of its self-feeding, seems to me to be a very valuable improvement; and besides, the quality of the cotton, as it comes out of the press, appeared to me to be better and cleaner than from the common Gins in use, and that it saves considerably in labor. Respectfully, &c. E. D. WHITE.

From Mr. J. Compton, a wealthy planter, resident in the Parish of Rapide, Louisiana. Dr. Jones—Dear Sir, I have examined your Patent Cotton Gin, with feeders, &c. and have seen it in operation, and approve of it so highly, that I have taken the liberty of ordering one for my plantation in time for the next crop. Yours respectfully, J. COMPTON. New Orleans, Feb. 28, 1837.

From Mr. A. Longier, an experienced and eminent Cotton Broker of New Orleans. New Orleans, Feb. 28, 1837.

Dr. Jones—Dear Sir, in answer to your note of this morning, I will state, that I have carefully examined your new Patent Cotton Gin, and have found it far superior to those generally used in this

State it cleans the cotton much better, and gives it a much better appearance. I hope, for the good of the country, it may become duly appreciated. Yours sincerely, A. LONGIER.

From Messrs. Forestall, High & Co. Commission Merchants. Dr. A. Jones—Dear Sir, we have examined the sample of cotton left with us, cleaned by your Patent Cotton Gin, and also the cotton in its uncleaned state, and pronounce the same greatly superior to the average samples which have come under our observation this or preceding seasons. Very respectfully, your ob't servants, FORESTALL, HIGH & Co.

New Orleans, March 1, 1837. From Col. Harris Smith Evans, a planter of Wilcox county; signed also by Dr. David J. Means, a planter of Green county, and Mr. Wm. C. Clifton, a planter of Dallas county, all of Ala. Dr. Jones—Dear Sir, in reply to your inquiry concerning your inquiry concerning your new Patent Cotton Gin, we deem it no less a pleasure than a duty to say to you, emphatically, that we consider it a most decided and valuable improvement. We have examined it carefully and seen it in successful operation, and we feel no hesitancy in recommending it to the attention of planters generally. Most respectfully yours, &c. HARRIS SMITH EVANS, DAVID J. MEANS, WM. C. CLIFTON.

New Orleans, March 7, 1837. P. S.—As a further testimony of my confidence in the success of your Gin, you will please order two Double Gins of 80 saws in a stand each, for my plantation, and oblige yours truly, H. S. EVANS.

As a further proof of my confidence in your Gin, you will please order me a Double Gin, of the same size, for my plantation, and oblige yours respectfully, D. J. MEANS.

Mr. Clifton also stated, that if he had not just before bought two new Common Gins, that he would likewise have ordered one or two of the Patent Gins for his plantation. From Mr. H. F. McKenna, of the house of Brand, McKenna & Wright, of New Orleans.

Dr. A. Jones—Dear Sir, in reply to your note, accompanied by a specimen of the cotton, ginned by your Patent Gin, I beg leave to observe, that it exhibits a decided improvement on the usual process of ginning; delivering the staple uninjured and free from nap or trash, clean and of good color; thereby giving the article an additional value. These favorable impressions of the advantages of your Patent Gin, have been confirmed by subsequently witnessing it in operation. The utility of the double cylinders and saving of labor, will be readily perceived and properly appreciated by the intelligent planter.

Feeling a deep interest in the success of all improvements tending to benefit the important staples of our country, I trust that your will meet with the encouragement it justly merits. Very respectfully, your ob't servant, H. F. M'KENNA.

New Orleans, March 6, 1837. From Mr. G. Senior, a Machinist of New Orleans. Dr. A. Jones—Dear Sir, in answer to your inquiry of my opinion of your Patent Cotton Gin, I beg leave to state, that I was fifteen years engaged in the cotton factories of Manchester, England, and during four years of that time, I was foreman in the house of Messrs. Lewis, Williams & Co., and near five years spinner in the house of Messrs. Sandford & Greene. I have seen your Cotton Gin in operation, and have examined the cotton ginned by it, and pronounce it better cleaned, and the staple less injured, than any cotton that ever came under my observation. It is completely ready for the breaker without the aid of the blower, and would, therefore, save the first process in manufacturing the article. I consider cotton cleaned by your Gin, would command from one to two cents on the pound more than the average crops brought into the Manchester market, and cleaned by common Gins. Yours, very respectfully, New Orleans, March 9, GEORGE SENIOR.

Dr. Jones—Dear Sir, in answer to your inquiry respecting my opinion of your Patent Cotton Gin, I have to state, that I have been engaged in putting up the Carver Gins for planters on Red River, and that I have seen your Gin in operation, and have examined the quality of the cotton produced by it; I consider it equal if not superior to the Carver Gins; in addition to which, I think your feeders a decided improvement, and by the aid of which, the quality of the cotton cleaned appears much improved, over that produced by the common Gins. Yours &c. S. BENNETT.

New Orleans, March 10, 1837. In addition to the above, the Patentee will refer planters to the following gentlemen, who have either seen the Gin in operation, or have examined samples cleaned by it: Messrs. N. & J. Dick, Thomas Barrett & Co., Hagan, Niven & Co., Lambeth & Thompson, Martin, Pleasants & Co., Hermann, Briggs & Co., Wm. L. Flower; Eullitt, Ship & Co.
